Jaimie Higdon Band-The voice of Jamie Higdon sounds familiar, yet unique. When you first hear him sing, your mind says, I know that guy. With Jamie, hat and boots are optional. It's truly all about the music.

Jamie is a native son of the state of Alabama, but has recently moved to Nashville, currently working with some of Music Row's top Grammy winning writers and producers.

The Southeastern Fastener Association will hold their 2015 conference in Nashville, TN.

It's been several years since SEFA has been to Nashville and members have been requesting a return. The Renaissance Nashville Hotel has been chosen as the conference host.

Plan to come enjoy a city that, for more than 130 years, has become the world's "Music City". Nashville has been known the world over as "Music City" since WSM radio announcer David Cobb referred to Nashville with that nickname in 1950 on Red Foley's NBC radio broadcast. From its very beginnings, Nashville grew from a foundation built on music. Visitors have ventured to Nashville to experience the music that weaves such a fundamental pattern in its cultural, business and social fabric.

The SEFA invites members and fastener industry companies to join them for a great event in an outstanding location.

See Travel Info sheet for more details.
