Intercorp Earns Miami-Dade Product Control Notice of Acceptance for Strongcon® Fasteners

LOS ANGELES, CA -- Intercorp, an importer and master distributor of high-quality construction fasteners under the Strong-Point® and Strongcon® brands, has received a Product Control Notice of Acceptance (No. 15-0930.14) from the Miami-Dade Department of Regulatory and Economic Resources, certifying that their Strongcon® products meet Miami-Dade requirements.

“Intercorp has always had a great reputation for high-quality fasteners and this NOA from Miami-Dade validates that,” said National Sales Manager Law Winchester. “Being certified will give architects, engineers, contractors, specifiers, and others the confidence to specify our Strongcon products and know that they will meet all building code requirements. The SP headmark on our Strong-Point products now signifies that our products meet the highest quality standards for construction fasteners.”

The Miami-Dade Department of Regulatory and Economic Resources thoroughly examined Intercorp’s product information, test reports, calculations, quality control methods and other factors to ensure that the products are code-compliant.

Strongcon® Miami-Dade certified fasteners are available through construction distributors throughout the United States. Visit www.intercorpusa.com to find a location near you.

About Intercorp

Founded in 1988, Intercorp has established itself as an industry leader in the fastener distribution business. Their flagship brand, Strong-Point, is sold by thousands of distributors to construction professionals throughout the United States. The brand consists of a variety of high-end fasteners including: Self-Drilling, Needle Point, Woodworking, Stainless Steel, Drywall, Pole Gripper, Outdoor, Concrete, and Cement Board screws. With an outstanding reputation for customer service, quick delivery, and superior support for the distribution channel, Intercorp is unmatched when it comes to high-quality fasteners.
